

## 2024 SPRING GRANT REPORT

The Wasatch County Council approved more than \$285,000 in grants in June 2024 to fund 13 projects that will enhance trails, arts and parks in Wasatch County.

The Trails, Arts and Parks (TAP) Tax Advisory Board, comprised of Wasatch County residents, reviewed and scored each application and recommended that the council award \$285,151.95 for this grant cycle, fully or partially funding all 13 applications, and allocate 10% of the total TAP tax collected each year to build reserves.

After the current grant cycle awards and a 10% allocation to reserves, the remaining \$52,348 will roll over to be available for the next grant cycle.
